

Prices for Roger Ressmeyer's Fine Art Photo Prints

The Beginning of Totality Print Prices

Roger Ressmeyer's prints in the current exhibit are in a limited edition of 12. Each archival inkjet print will be signed and numbered beginning with 1 and no more than 12 on archival paper using digital inkjet technology.

Once the editions sell out, there will be no more printed in these sizes. Due to the rarity of the print, ***the price of each edition will increase by 30% as they sell out.***

Sizes are based on the paper size. The printed images are usually, but not always, smaller than the paper size.

Prints are signed on the front, within the image area, and again on the back, and are delivered with a certificate of authenticity.

The 22 x 17 series is on an ultra-luster (satin/matte) paper and is the largest size printed by the artist himself.

Generally, the larger sizes will be printed on Museo Silver Rag - a beautiful satin paper with good weight and a very slight tooth. Paper selection is subject to change, and at the artist's discretion.

Please note: all prices are "plus tax, packing (in tubes), and shipping".
